Continue to pray for one another, The Scottish Committee and the people of Vanuatu.

Lord Jesus, you hold the whole world in your hands. With the women of Vanuatu may we stand firm, united in prayer, trusting in your promises. Our prayers link each other across the world. Help us care for each other. We pray for situations where daily injustice is compounded by the pandemic; for those under stress that they know your presence and peace; for those seeking your purposes in our current situation. Lord may we know your peace that passes all understanding and may we be instruments of your love. **Amen**
